TRS

The secretary read the following announcement from Mike McDiarmid head of Track Rescue Services:

Although the decision has been extremely difficult, time has come for me to step down for a number of reasons. My wife Pat and I have been involved with the club now for almost 30 years and I started right off working with our track services team, taking over leadership shortly after. My team has been amazing, growing our knowledge of safety and emergency first aid in racing working both regional racing, other clubs and of course the Indy. I can't thank you all for your dedication and commitment to the team.

I have turned the leadership role of Department Head of Track Rescue Services over to Tom Cressman and wish both him and all TRS members the best of luck in the coming future. Finally I wish to thank all fellow BARC members for their continued support for myself as I built our Track Rescue Services for the over the years.

Tom Cressman and Kyle Bast are trying to arrange some dates for training TRS staff.

TRS will be supporting Ontario Time Attack events.
The TRS trailer is loaded and ready for the season.
