**On the BARC side:*

-Hello from afar. Nan and I are travelling and about to celebrate our 45th Anniversary and wonderful relationship.

-Preparation are well underway for our June race. Our club Race Committee decided to combine GT Challenge and GT Sprints on Saturday in a 60 minute race with Sprints being checkered after 20 minutes and Challenge continuing. Scott can update you if there has been any changes to this in my absence. This arose based on very low participation at both regionals this year by Challenge drivers.

-The announcement of this to the Driver Reps, which we promised, raised quite a stir with the Challenge Driver Rep. The Challenge cars were at the Spring BEMC event and 10 preregistered for Challenge.

Paul Clarke will be looking after hospitality for our June weekend and Angela Ward will be managing the GRID Crew for the weekend. Thank you to both of them and all of the other volunteers that make racing happen.

Scott Elsworth – Field of GT Challenge is weak, if this continues, BARC will assess and maybe combine races, nothing has been changed yet.

**On the ORO side:*
