**On the BARC side:*

June race - lots of volunteers over a rainy/thunderstorm weekend.

- Since most of you worked the race, you know how poorly attended it was by competitors.

July race - we are discussing some changes to the schedule that may improve things, but no decisions yet.

- We need scrutineers (we only have 2 and 1 is away for this race weekend. If you know anyone that is mechanically oriented, have them speak with David King.

- We still require help for a Judge of Fact for the Blend Line. If you have any friends, it is the perfect role to ease into motorsport. Sunscreen and a folding chair are all that is needed to see some racing.

- We have a breakfast sponsor, Corner Stone Courier.

**On the ORO side:*

- Little happened at the last ORO meeting other than discussions that lead to the cancellation of GT Challenge session as only 5 cars entered.
- I have plenty of tickets for the BARC race
- A) Dave King, re-RULES: Some areas of rules need to be touched up. Hopefully before the next BARC race. For drivers; where to put stickers, numbers not needed on roof, etc.
- Richard Fogel quit Race Committee at their last meeting.
- B) Dave Bayley, Re-INDY: we did well with a smaller staff.
- C) Scott Ellsworth: INDY staff made a comment about, they put on Saturday's dinner, but it was BARC that paid for it. INDY staff did pick the location, inside front straight, and it was a good choice.
- Media photo holes; the 2 people that were evicted on Saturday were told/spoken to on Friday and they still did it.
- For next year, during registration, we will have proper rules, regulations & guidelines.

Old Business - n/a

New Business - Tom Hyland: Lupus Grand Prix @ Goodwood, October 3, 2015.
- Paul Einarson: newest family, 3.5 month old sheep dog, Sammy.

Buy & Sell - Paul Einarson: motorhome & wheels
