ICE RACING

Wayne Wanamaker, Ice Race Director

Wayne has received the preliminary estimated revenue amounts from Anne McCallum. Based on these figures, BARC should realize a positive amount after expenses. This was a much better season with the increased entries and the excellent weather all season long.

There was an Ice Race Organizer's meeting on March 9. The success of the season was discussed and was deemed a great success by all of the clubs. There was some discussion on the temporary licenses and whether to continue the Street Class due to the low number of registrations.

The rules are going to be looked over again this summer by Ashley Last and some rules will be re-worked to make them user friendly. There was a discussion on the recruitment of volunteers and that there are some other contacts that can be used by the clubs. The promotion of the Ice Race season was deemed a great success this year with lots of local newspaper coverage and a number of new sponsors.
