## January 29, 2018    BARC Ice Prix 2018

Another ice race weekend is in the books and I think we can count this one as another success. This was of course due in a large part to all the great volunteers that came out to help. It was great seeing a number of new faces and younger faces in new positions. Makes my job easier.

The weather turned out better than expected. We had a high of +4 on Saturday but no rain. The track held up well with just a lot of water on top. We did reduce the last 5 races of the day to 10 laps to save the track. Sunday was colder with a high of +1. It made for an excellent day of racing. We had a total of 139 entries over the 2 days. We had 3 racers take advantage of the new one time temporary license. One of those racers was our own Phil Delahaye's daughter Diana. She looked great out on the track with her instructor Bryan Rashleigh.

Our worker dinner on Saturday night was held at Mark's Chinese Food Restaurant in Minden. We had 24 sit down for a buffet dinner. I awarded the usual trophies. The Slip n Slide Male went to Nick Pegg because if it wasn't for his ice cleats he would've been slippin and slidin all over the track. The Slip n Slide Female went to Diana Delahaye for her slippin n slidin around the track in an ice racer. The best headdress went to Kim Quigley for her patriotic Canada 150 toque. Our new award this year was the Best Short Joke. This went to Andrew Majik, not so much for quality but for quantity.

I am still working on bills and receipts but it looks like this year will be profitable year. Thank you again to all the volunteers that came out and braved the cold to put on a great weekend of racing. All this great help makes my job easy.

Respectfully submitted Wayne Wanamaker

**Now for an oldie but good sent in by Ken Graham.** About the passenger in the back seat of Eppie's #94 Sunbeam Rapier...it's non other than past BARC President Brian Scott...after this event back seat passengers were not permitted.. (Brian was a big guy) 😊:-)everyone wanted Brian Scott as a passenger, saved bringing 4 sacks of sand every w/end, Eppie came up with the idea of him sitting in the back. LOL "the un-fair advantage " 😊:-)

'Nor ice or snow' shall deter an avid racer from his rounds (laps?). When the ice and snow of winter call a halt to auto-racing on the road courses, the enthusiasts turn to ice racing. Above (top photo) Ken Graham creates his own snowstorm with his Riley. Jack Boxtrom in the Corvair (centre) leads Bob Griffith, Vanguard and Don Innes Volvo through a thawing but still greasy turn - some nice tail-hanging a la dirt track racing! Les Rice in the DKW (bottom photo) 'hangs it out' while Eppie Wietzes (94) and Ken Graham use the 'drive it around' style.
