Here's to another great season in the coming year.

MONTHLY MEETINGS

Meetings are held the first Tuesday of each month at Lonestar Restaurant, 930 Dixon Road, Etobicoke, Ontario. Meetings start at 8:00pm

Monthly meetings are a great opportunity for club members to socialize and review the events of the sport.

Typically a meeting consists of overviews of changes to racing rules, past and future racing events, social events, buy and sell, racing videos and any other current points of interest.

Guests are always welcome!

Come early for a great meal and socializing.

#GetWellWickens

On August 19, 2018 BARC member Robert Wickens was hurt in an devastating crash at Pocono Raceway. He has been moved to Lehigh Valley Cedar Crest Hospital in Allentown to recover from his sever injuries.

From Robert:

“There was no ‘announcement’ to confirm I was paralyzed. I’ve been paralyzed the moment I hit the fence pole in Pocono. We were very clear that I had a spinal cord injury in the press release issued by SPM, but I guess people are not aware of what that means and are just speculating.

Paralyzed & paraplegic are paralysis from the level of injury on the lower half. I’m paralyzed from the chest down. The lever of my injury which T4.

People may not be paraplegics forever. Since my spinal cord injury was ‘incomplete,’ the nerves may be able to find a way back to my legs. Incomplete means the spinal cord was not severed, it was only bruised. In months time the swelling will go down and we will learn more on how much nerve regeneration happens.

The doctors have told us every SCI is different. Two people with the same injury may heal differently. One may walk again and one may not. Each body heals differently. **So we cannot tell you a definitive answer if I will walk again.** But I have full intentions of doing just that

The good news is, I already have most feeling and some movement back in my legs, so there is hope over the course of 24 months that I may regain enough movement to walk again! So far the signs are promising, but I’m trying not to get ahead of myself! I am just keeping my head down and working until my therapist and doctors tell me to stop!

Thank you all for your support! And I hope this has brought some clarity on all of this.”

We at BARC wish Robert a speedy Recover.

STAY STRONG and CARRY ON

Checked...P7 Canada!

We are so proud of you **Guillaume Archambault!**

From: Team Canada

Hi Mr Clarke

This is Guillaume Archambault, the Canadian driver choose to represent Team Canada at the Formula Ford Festival this year.

With all my recognition, I'd like to thank you for being part of the 2018 Team and making this huge experience possible for me. It was an awesome place to be because of the history, Brands Hatch is a beautiful circuit, but mostly because the challenge for me was what I needed to grow up as a driver. 7th overall...Not bad !

With that being said, hopefully we can meet somewhere on a Canadian track soon enough.

Kind regards,

Guillemot Archambault

From BARC's Ice Race Director:

This cold weather is getting me excited for the approaching ice race season in Minden. The date for the BARC Ice Prix is Feb 2 and 3, 2019. After the ice race organizers meeting this past Saturday its looking like it will be a very exciting season. CASC is offering the temporary license to racers that have never ice raced before as an introduction. You can contact me for further details.

Another interesting addition to the series this year is the Lexus Sport Cup. This will be a spec series for Lexus IS300's that will run in the regular classes and scored separately. This is being managed by Russ Bond.

For those that would like to come out and volunteer as part of the BARC team, I can always use help. This year the board of directors has agreed to cover the whole cost of accommodations for all the BARC volunteers at the luxurious Minden Motel. I need marshals, grids and starter. Please contact me if you want to come out and be part of a fun weekend.

Looking forward to hearing from you.

Wayne Wanamaker
BARC Ice Race Organizer
