Welcome to the BARC online worker registration for the 2018 Honda Indy Toronto!

The reasons we are using online registration are;

- to have all the information for all the people registering at the event accessible in one place
- to have emergency contact information easily accessible and confirmed in one place
- to be able to communicate information about the event to all workers via email

***In order to register, you will need to create a MotorsportReg account in the CASC-OR road racing organization (or add your existing account if you have one) if you have not done so already.***

Please let us know in the appropriate areas on the registration form

- if you've worked at the Indy before, and how many
- if your emergency contact is at the Indy, and in which department
- if you have any special dietary requirements for lunch
- your desired t-shirt size
- whether you need a parking pass
- any special notes or comments

Then select your department and indicate which days of the event you are available to work.
