RACE

We have two races coming up. The first is INDY which I will leave for Scott/Greg to speak to

- The second is the end of July Regional race the last weekend of July
- I am looking for someone to do Podium Awards and sponsor give aways based on a script I will be provided with. The is for Saturday afternoon after the challenge race and Sunday from about 2 PM on
- We had the equivalent of 121 full entries in June
- Our attempt to reduce the amount of cash that we collect, count and protect as entry fees has worked wonderfully. We collected about 1/3 of what we normally do in previous races
- Lunchtime lapping is getting a bit out of hand for this event. The WRRC report has or will outline what their plans are for randomly selected pace car rides. I have a second request for 7 VIP guess sponsors of a BARC member for pace car rides and the third request if for a group of 23 big brothers and sisters and their charges and handlers to come out to the event in a school bus, stay or 5 hours and have asked for a pace car escort for the school bus to do a track lap at lunch on the Saturday.
- This is the idea of Kyle Tasker, not a BARC member, and promoted by Jerry Priddle that many of you may know but I do not.
- Can I have your thoughts on this? All agreed to support this
- We're looking into some solutions for Radio reception improvement at CTMP-More about that later

ONTARIO RACE ORGANIZERS

- We have not met for two months since the new Race Director collects the agenda items put forward and determines if a meeting is needed
- Issues to be dealt with in the meeting in two weeks include:
- -starting on the 2015 schedule

- -starting to track drivers running more than one class re multiple requests to separate classes so Joe can run both classes. It becomes an impossible task to create a schedule that satisfies everyones requirements
- -we need to have a meeting on at least a bi monthly meeting cycle
- -the status of DAC for 2015
- -a presentation by the Canadian Radical Group about their future
- -split qualifying by GT Challenge
